

# PGI Idea Form (Tutory'all)

**IDEA in one sentence:** *(ex: table online booking for libraries)*

Knowledge sharing app that facilitates meeting between tutors and apprentices.

**Customer PROBLEM:** *What problem, specifically, this idea addresses*

It's often hard to find someone who is willing to help you with your doubts/academic struggles or learning needs and perhaps that someone is closer than you think.  
Our app aims to close the gap between tutors and apprentices!

**CUSTOMER/USER:** *Who, specifically, benefits from your product / service*

People who need to learn and the tutors that can teach them.

**SOLUTION Description:** *With clear benefit for customer /user*

The tutors can advertise their services while the learners can more easily find tutors.
